

Racumin Paste® Rodenticide
Registration Number:

KEEP OUT OF REACH OF CHILDREN. READ INSTRUCTIONS CAREFULLY BEFORE USE.

RODENTICIDE

ACTIVE SUBSTANCE: **COUMATETRALYL – 0.0375 g/100g** (CAS No. 5836-29-3)

WARNING. Harmful if swallowed. May cause damage to organs through prolonged or repeated exposure. To avoid risks to human health and the environment, comply with the instructions for use. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves. **IF SWALLOWED:** Call a POISON CENTER/doctor/physician if you feel unwell. Rinse mouth. Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as nonhazardous waste.

BIOCIDE GROUP: 3. BIOCIDE SUBGROUP: 14.

Racumin Paste® is highly palatable, ready-to-use rodenticide bait to control rats (*Rattus rattus*, *Rattus norvegicus*) and domestic mice (*Mus domesticus*) in and around the private, public and agricultural buildings. The biocide is effective against rats and mice in all stages of their development.

Instructions for use: The product should be used only in tamper deratization boxes and covered poisonous points indoors and outdoors (only around buildings as perimeter treatment). The number of sachets per bait station and covered bait points must be adapted to the effective rate. The number of bait stations and covered bait points is function of the area of treatment and infestation rate. Distances between bait stations and covered bait points must be respected. Inspect and refill the bait stations and covered bait points few days after the first application then once in a week as long as the bait is consumed. Do not clean the bait stations between two applications. Rat and mouse control measures should continue until no more bait consumption is apparent, but not exceeding five weeks. A normal bait campaign lasts 3 weeks.

Dose Rates:

Rodents	Moderate Infestation	Heavy Infestation
Rats	100g - 200g / each 5 m to 20 m	100g - 200g / each 3 m to 10 m
Mice	10g - 20g / each 5 m to 20 m	10g - 20g / each 2 m to 10 m
